INDEPENDENT AUDITOR'S REPORT

To the Board of Education of the
Woodbine Community School District:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Woodbine Community School District, Woodbine, Iowa as of and for the year ended June 30, 2008, which collectively comprise the District's basic financial statements listed in the table of contents. These financial statements are the responsibility of District officials. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Woodbine Community School District at June 30, 2008, and the respective changes in financial position and cash flows, where applicable, for the year ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated February 5, 2009 on our consideration of the Woodbine Community School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of those reports are to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and budgetary comparison information on pages 4 through 12 and 34 through 35 are not required parts of the basic financial statements, but are supplementary

Members American Institute & Iowa Society of Certified Public Accountants

information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. We did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Woodbine Community School District's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the four years ended June 30, 2007 (none of which are presented herein) and expressed an unqualified opinion on those financial statements. The supplemental information included in Schedules 1 through 4, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

NOLTE, CORNMAN & JOHNSON, P.C.

February 5, 2009

MANAGEMENT'S DISCUSSION AND ANALYSIS

Woodbine Community School District provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2008. We encourage readers to consider this information in conjunction with the District's financial statements, which follow.

2008 FINANCIAL HIGHLIGHTS

- General Fund revenues decreased from \$4,437,818 in fiscal 2007 to \$4,293,191 in fiscal 2008, while General Fund expenditures increased from \$4,397,115 in fiscal 2007 to \$4,450,749 in fiscal 2008. This resulted in a decrease in the District's General Fund balance from \$9,691 in fiscal 2007 to a deficit balance of \$147,867 in fiscal 2008, which is a significant decrease as compared to the previous year.
- The decrease in General Fund revenues was attributable to decreases in state and federal source revenues in fiscal 2008, while the increase in expenditures was primarily due to the increase in negotiated salaries and benefits.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the District's financial activities.

The Government-wide Financial Statements consist of a Statement of Net Assets and a Statement of Activities. These provide information about the activities of Woodbine Community School District as a whole and present an overall view of the District's finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report Woodbine Community School District's operations in more detail than the government-wide statements by providing information about the most significant funds. The remaining statements provide financial information about activities for which Woodbine Community School District acts solely as an agent or custodial for the benefit of those outside of the School District.

Notes to the financial statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the District's budget for the year.

Other Supplementary Information provides detailed information about the nonmajor funds.

Figure A-1 shows how the various parts of this annual report are arranged and relate to one another.

Figure A-1
Woodbine Community School District Annual Financial Report

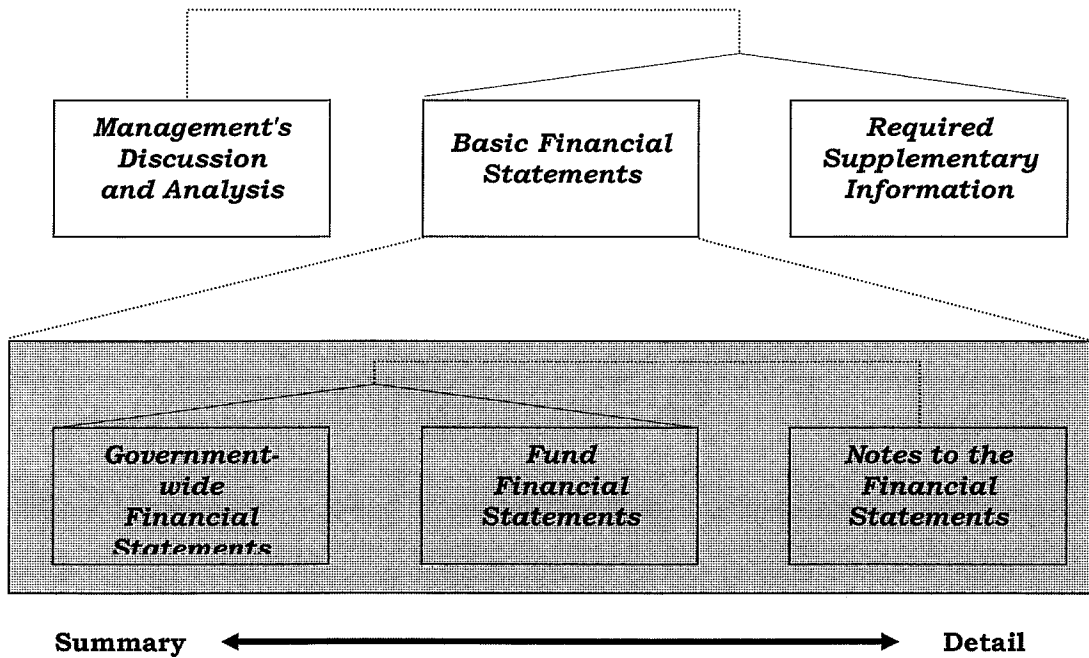

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain.

Figure A-2 Major Features of the Government-wide and Fund Financial Statements			
	Government-wide Statements	Fund Statements	
		Governmental Funds	Proprietary Funds
Scope	Entire district (except fiduciary funds)	The activities of the district that are not proprietary or fiduciary, such as special education and building maintenance	Activities the district operates similar to private businesses: food services and adult education
Required financial statements	<ul style="list-style-type: none"> • Statement of net assets • Statement of activities 	<ul style="list-style-type: none"> • Balance sheet • Statement of revenues, expenditures, and changes in fund balances 	<ul style="list-style-type: none"> • Statement of Net Assets • Statement of revenues, expenses and changes in net assets • Statement of cash flows
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Generally assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included	All assets and liabilities, both financial and capital, and short-term and long-term
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due during the year or soon thereafter	All revenues and expenses during the year, regardless of when cash is received or paid

REPORTING THE DISTRICT'S FINANCIAL ACTIVITIES

Government-wide Financial Statements

The government-wide financial statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Assets includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid.

The two government-wide financial statements report the District's net assets and how they have changed. Net assets – the difference between the District's assets and liabilities – are one way to measure the District's financial health or position. Over time, increases or decreases in the District's net assets are an indicator of whether financial position is improving or deteriorating. To assess the District's overall health, additional non-financial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities, need to be considered.

In the government-wide financial statements, the District's activities are divided into two categories:

- *Governmental activities:* Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property tax and state aid finance most of these activities.
- *Business-type activities:* The District charges fees to help cover the costs of certain services it provides. The District's school nutrition program is included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs.

Some funds are required by state law and by bond covenants. The District establishes other funds to control and manage money for particular purposes, such as accounting for student activity funds or to show that it is properly using certain revenues such as federal grants.

The District has two kinds of funds:

- 1) *Governmental funds:* Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

The District's governmental funds include the General Fund, Special Revenue Funds, Debt Service Fund and Capital Projects Fund.

The required financial statements for the governmental funds include a balance sheet and a statement of revenues, expenditures and changes in fund balances.

2) *Proprietary funds*: Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the government-wide financial statements. The District's enterprise funds, one type of proprietary fund, are the same as its business-type activities, but provide more detail and additional information, such as cash flows. The District currently has two enterprise funds, the School Nutrition Fund and the Day Care Fund.

The required financial statements for the proprietary funds include a statement of revenues, expenses and changes in net assets and a statement of cash flows.

Reconciliations between the government-wide financial statements and the fund financial statements follow the fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Figure A-3 below provides a summary of the District's total net assets at June 30, 2008 compared to June 30, 2007.

Figure A-3
Condensed Statement of Net Assets

	Governmental Activities		Business-Type Activities		Total School District		Total Change
	June 30,		June 30,		June 30,		June 30,
	2008	2007	2008	2007	2008	2007	2007-08
Current and other assets	\$ 4,348,032	4,751,679	40,497	54,321	4,388,529	4,806,000	-8.69%
Capital assets	6,884,504	7,017,055	64,939	68,936	6,949,443	7,085,991	-1.93%
Total assets	11,232,536	11,768,734	105,436	123,257	11,337,972	11,891,991	-4.66%
Long-term obligations	4,669,547	4,920,464	0	0	4,669,547	4,920,464	-5.10%
Other liabilities	3,305,674	3,718,746	3,173	2,205	3,308,847	3,720,951	-11.08%
Total liabilities	7,975,221	8,639,210	3,173	2,205	7,978,394	8,641,415	-7.67%
Net assets:							
Invested in capital assets, net of related debt	2,264,504	2,137,055	64,939	68,936	2,329,443	2,205,991	5.60%
Restricted	933,687	775,550	0	0	933,687	775,550	20.39%
Unrestricted	59,124	216,919	37,324	52,116	96,448	269,035	-64.15%
Total net assets	\$ 3,257,315	3,129,524	102,263	121,052	3,359,578	3,250,576	3.35%

The District's combined net assets increased by 3.35%, or \$109,002 over the prior year. The largest portion of the District's net assets is the invested in capital assets (e.g., land, infrastructure, buildings and equipment), less the related debt. The debt related to the investment in capital assets is liquidated with sources other than capital assets.

Restricted net assets represent resources that are subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. The District's restricted net assets increased approximately 20.39% or \$158,137 compared to the prior year. The increase in restricted net assets is mainly attributable to the increase in fund balance for the Debt Service Fund.

Unrestricted net assets – the part of net assets that can be used to finance day –to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements – decreased approximately 64.15% or \$172,587.

Figure A-4 shows the changes in net assets for the year ended June 30, 2008 compared to the year ended June 30, 2007.

Figure A-4

Non-instructional programs	0	0	265,612	235,532	265,612	235,532	12.77%
Other expenses	511,503	517,478	0	0	511,503	517,478	-1.15%
Total expenses	5,028,957	4,891,503	265,612	235,532	5,294,569	5,127,035	3.27%
Change in net assets	127,791	473,486	(18,789)	62,225	109,002	535,711	-79.65%
Net assets beginning of year	3,129,524	2,656,038	121,052	58,827	3,250,576	2,714,865	19.73%
Net assets end of year	\$ 3,257,315	3,129,524	102,263	121,052	3,359,578	3,250,576	3.35%

In fiscal 2008, local tax (property tax, income surtax and local option sales and services tax) and unrestricted state grants account for 78.02% of the revenue from governmental activities while charges for services and operating grants and contributions account for 99.92% of the revenue from business type activities.

The District's total revenues were approximately \$5.40 million of which \$5.16 million was for governmental activities and approximately \$.24 million was for business type activities.

As shown in Figure A-4, the District as a whole experienced a decrease of 4.58% in revenues and a 3.27% increase in expenses. The increase in expenses was related to increases in negotiated salary and benefits.

Governmental Activities

Revenues for governmental activities were \$5,156,748 and expenses were \$5,028,957.

The following table presents the total and net cost of the District's major governmental activities: instruction, support services and other expenses.

Figure A-5
Total and Net Cost of Governmental Activities

	Total Cost of Services			Net Cost of Services		
	2008	2007	Change 2007-08	2008	2007	Change 2007-08
Instruction	\$ 3,198,146	3,166,781	0.99%	2,407,915	2,350,155	2.46%
Support services	1,319,308	1,207,244	9.28%	1,319,308	1,207,244	9.28%
Other expenses	511,503	517,478	-1.15%	354,584	316,965	11.87%
Totals	<u>\$ 5,028,957</u>	<u>4,891,503</u>	<u>2.81%</u>	<u>4,081,807</u>	<u>3,874,364</u>	<u>5.35%</u>

- The cost financed by users of the District's programs was \$291,447.
- Federal and state governments subsidized certain programs with grants and contributions totaling \$655,703.
- The net cost of governmental activities was financed with \$1,807,649 in property tax, \$235,598 in income surtax, \$245,936 in local option sales and services tax, \$1,734,250 in unrestricted state grants, \$45,220 in interest income and \$140,945 in other general revenues.

Business-Type Activities

Revenues of the District's business-type activities were \$246,823 and expenses were \$265,612. The District's business-type activities include the School Nutrition Fund and Day Care Fund. Revenues of these activities were comprised of charges for service, federal and state reimbursements and investment income.

INDIVIDUAL FUND ANALYSIS

As previously noted, the Woodbine Community School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The financial performance of the District as a whole is reflected in its governmental funds, as well. As the District completed the year, its governmental funds reported combined fund balance of \$830,546, above last year's ending fund balances of \$825,705. However, the primary reason for the increase in combined fund balances in fiscal 2008 is due to increased fund balance in the Debt Service Fund.

Governmental Fund Highlights

- The District's General Fund financial position deteriorated from \$9,691 in fiscal 2007 to a deficit fund balance of \$147,867 at the end of fiscal 2008. The General Fund's deteriorating position can be attributable to increases in negotiated salary and benefits as well as the increases seen during the year for fuel for the transportation department.
- The Physical Plant and Equipment Levy Fund balance increased from \$18,176 to \$23,512 during the year. The only expenditure from this fund for the year was the transfer to the debt service fund for the QZAB bond payment.
- The Capital Projects Fund balance decreased from \$325,028 to \$303,114 during the year. This decrease was due to new vehicle purchases as well as the transfer to the Debt Service Fund for debt relief for the general obligation bonds and revenue bonds.

Proprietary Fund Highlights

The School Nutrition Fund net assets increased from \$96,904 at June 30, 2007 to \$80,987 at June 30, 2008, representing a decrease of 16.43%. The decrease in fund balance is mainly attributable to increases in salary and benefits received by District employees during the year.

The Day Care Fund net assets decreased from \$24,148 at June 30, 2007 to \$21,276 at June 30, 2008, representing an increase of 11.89%.

BUDGETARY HIGHLIGHTS

The District's revenues were \$392,005 less than budgeted revenues, a variance of 6.76%. The most significant variance resulted from the District receiving less in federal sources than originally anticipated.

Total expenditures were less than budgeted, primarily to the District's budget for the General Fund. It is the District's practice to budget expenditures at the maximum authorized spending authority for the General Fund. The District then manages or controls General Fund spending through its line-item budget. As a result, the District's certified budget should always exceed actual expenditures for the year.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2008, the District had invested \$6.95 million, net of accumulated depreciation, in a broad range of capital assets, including land, buildings, athletic facilities, computers, audio-visual equipment and transportation equipment. (See Figure A-6) More detailed information about capital assets is available in Note 5 to the financial statements. Depreciation expense for the year was \$234,254.

The original cost of the District's capital assets was \$9,108,992. Governmental funds account for \$8,994,684 with the remaining of \$114,308 in the Proprietary, School Nutrition Fund.

The largest percentage change in capital asset activity during the year occurred in the machinery and equipment category. The amount reported for the District's machinery and equipment at June 30, 2007 was \$194,710 as compared to \$219,597 for June 30, 2008. The increase is due to vehicle purchases from the Capital Projects Fund during the year.

Figure A-6

Long-Term Debt

At June 30, 2008, the District had \$4,669,547 in general obligation and other long-term debt outstanding. This represents a decrease of 5.1% from last year. (See Figure A-7) More detailed information about the District's long-term liabilities is available in Note 6 to the financial statements.

The District had total outstanding General Obligation Bonds payable of \$2,805,000 at June 30, 2008.

The District had total outstanding QZAB Bonds payable of \$1,000,000 and June 30, 2008. These bonds are due November 3, 2013.

The District had total outstanding Early Retirement payable from the Special Revenue - Management Fund of \$49,547 at June 30, 2008.

Totals	\$ 4,669,547	4,920,464	-5.1%

ECONOMIC FACTORS BEARING ON THE DISTRICT'S FUTURE

At the time these financial statements were prepared and audited, the District was aware of several existing circumstances that could significantly affect its financial health in the future:

- Low allowable growth over several years and enrollment decreases is negatively impacting the District's spending authority. Contractual increases and program changes cannot be made without thorough consideration of our unspent authorized budget.
- Continued budget concerns at state level will affect future projections. The District has been forced to shift funding to property taxes.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District's citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Connie Waite, District Secretary, Woodbine Community School District, 501 Weare Street, Woodbine, Iowa, 51579.

WOODBINE COMMUNITY SCHOOL DISTRICT
 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
 CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS
 TO THE STATEMENT OF ACTIVITIES
 JUNE 30, 2008

Net change in fund balances - total governmental funds (page 17) \$ 4,841

*Amounts reported for governmental activities in the
 statement of activities are different because:*

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, those costs are reported in the Statement of Net Assets and are allocated over their estimated useful lives as depreciation expense in the Statement of Activities. The amounts of capital outlays and depreciation expense in the year are as follows:

Capital outlays	\$ 95,116	
Depreciation expense	<u>(227,667)</u>	(132,551)

Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when due. In the Statement of Activities, interest expense is recognized as the interest accrues, regardless of when it is due. 1,860

Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. Current year repayments are as follows:

Repaid	260,000
--------	---------

Net change in Internal Service Funds charged back against expenditures made for the flex benefit program at an entity-wide basis. 2,724

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Early Retirement	<u>(9,083)</u>
------------------	----------------

Changes in net assets of governmental activities (page 14) \$ 127,791

NON-CASH INVESTING, CAPITAL AND FINANCING ACTIVITIES:

During the year ended June 30, 2008, the District received Federal commodities valued at \$11,337.

SEE NOTES TO FINANCIAL STATEMENTS.

WOODBINE COMMUNITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2008

(1) Summary of Significant Accounting Policies

The Woodbine Community School District is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through twelve and special education pre-kindergarten. Additionally, the District either operates or sponsors various adult education programs. These courses include remedial education as well as vocational and recreational courses. The geographic area served includes the City of Woodbine, Iowa, and the predominate agricultural territory in Harrison, Monona and Shelby Counties. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Woodbine Community School District has included all funds, organizations, agencies, boards, commissions and authorities. The District has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the District. The Woodbine Community School District has no component units which meet the Governmental Accounting Standards Board criteria.

Jointly Governed Organizations - The District participates in a jointly governed organization that provides services to the District but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The District is a member of the Harrison, Monona and Shelby Counties Assessors' Conference Board.

B. Basis of Presentation

Government-wide Financial Statements - The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Net Assets presents the District's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Restricted net assets result when constraints placed on net assets use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net asset consist of net assets that do not meet the definition of the two preceding categories. Unrestricted net assets often have constraints on resources that are imposed by management, but can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest that are restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental, proprietary, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other nonmajor governmental funds.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenses, including instructional, support and other costs.

The Capital Projects Fund is utilized to account for all resources used in the acquisition and construction of capital facilities, with the exception of those that are financed through enterprise funds.

The Debt Service Fund is utilized to account for the payment of interest and principal on the District's general long-term debt.

The District reports the following proprietary funds:

The District's proprietary funds are the Enterprise, School Nutrition Fund, Enterprise, Day Care Fund and the Internal Service Fund. The School Nutrition Fund is used to account

for the food service operations of the District. The Day Care Fund is used to account for the child care operations of the District. The Internal Service Fund is used to account for the self-funded insurance plan of the District. The Internal Service Fund is charged back to the Governmental Funds and shown combined in the Statement of Net Assets and the Statement of Activities.

C. Measurement Focus and Basis of Accounting

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments, and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs, and then general revenues.

The proprietary fund of the District applies all applicable GASB pronouncements as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's Enterprise Funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The District maintains its financial records on the cash basis. The financial statements of the District are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Liabilities and Fund Balances

The following accounting policies are followed in preparing the financial statements:

Cash, Pooled Investments and Cash Equivalents - The cash balances of most District funds are pooled and invested. Investments are stated at fair value except for the investment in the Iowa Schools Joint Investment Trust which is valued at amortized cost and non-negotiable certificates of deposit which are stated at cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, they have a maturity date no longer than three months.

Property Tax Receivable - Property tax in the governmental funds are accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date that the tax asking is certified by the Board of Education. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the District is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2006 assessed property valuations; is for the tax accrual period July 1, 2007 through June 30, 2008 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April, 2007.

Due from Other Governments - Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories - Inventories are valued at cost using the first-in, first-out method for purchased items and government commodities. Inventories of proprietary funds are recorded as expenses when consumed rather than when purchased or received.

Capital Assets - Capital assets, which include property, machinery and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide Statement of Net Assets. Capital assets are recorded at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

Asset Class	Amount
Land	\$ 0
Buildings	1,200
Land improvements	1,200
Machinery and equipment:	
School Nutrition Fund equipment	500
Other machinery and equipment	1,200

Capital assets are depreciated using the straight line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives (In Years)
Buildings	50 years
Land improvements	20 years
Machinery and equipment	5-20 years

Salaries and Benefits Payable - Payroll and related expenditures for extra duties and curriculum work for the current school year, which is paid in July and August, have been accrued as liabilities.

Deferred Revenue - Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue

consists of unspent grant proceeds as well as property tax receivables and other receivables not collected within sixty days after year end.

Deferred revenue on the Statement of Net Assets consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied.

Unearned Revenue - Unearned revenues in the School Nutrition Fund are monies collected for lunches that have not yet been served. The lunch account balances will either be reimbursed or served lunches. The unearned revenues in the Day Care Fund are monies collected in advance for tuition. The revenue will be considered earned when services are provided. The tuition and lunch account balances are reflected on the Statement of Net Assets in the Proprietary Funds.

Long-term Liabilities - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the Statement of Net Assets.

Fund Balances - In the governmental fund financial statements, reservations of fund balance are reported for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

Restricted Net Assets - In the government-wide Statement of Net Assets, net assets are reported as restricted when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

E. Budgeting and Budgetary Control

The budgetary comparison and related disclosures are reported as Required Supplementary Information.

(2) Cash and Pooled Investments

The District's deposits in banks at June 30, 2008 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The District is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Education; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

As June 30, 2008, the District had no investments.

(3) Transfers

The detail of transfers for the year ended June 30, 2008 is as follows:

Transfer to	Transfer from	Amount
	Special Revenue:	
	Physical Plant and	
Debt Service	Equipment Levy	\$ 113,790
Debt Service	Capital Projects	195,009
Total		<u>\$ 308,799</u>

Transfers generally move revenues from the fund statutorily required to collect the resources to the fund statutorily required to expend the resources.

(4) Iowa School Cash Anticipation Program (ISCAP)

The District participates in the Iowa Schools Cash Anticipation Program (ISCAP). ISCAP is a program of the Iowa Association of School Boards and is designed to provide funds to participating entities during periods of cash deficits. ISCAP is funded by a semiannual issuance of anticipatory warrants, which mature as noted below. The warrant sizing of each school corporation is based on a projection of cash flow needs during the semiannual period. ISCAP accounts are maintained for each participating entity, and monthly statements are provided regarding their cash balance, interest earnings, and amounts available for withdrawal for each outstanding series of warrants. These accounts are reflected as restricted assets on the balance sheet. Bankers Trust Co. NA is the trustee for the program. A summary of the District's participation in ISCAP as of June 30, 2008 is as follows:

Series	Warrant Date	Final Warrant Maturity	Investments	Accrued Interest Receivable	Warrants Payable	Accrued Interest Payable
2007-08B	1/23/08	1/23/09	\$ 365,169	5,474	364,000	5,423
2008-09A	6/26/08	6/25/09	706,713	268	701,000	206
Total			<u>\$ 1,071,882</u>	<u>5,742</u>	<u>1,065,000</u>	<u>5,629</u>

The District pledges its state foundation aid payments and General Fund receipts as security for warrants issued. Repayments must be made when General Fund receipts are received. If a balance is outstanding on the last date the funds are available to be drawn, then the District must repay the outstanding withdrawal from its General Fund receipts. In addition, the District must make minimum warrant repayments on the 25th of each month immediately following the final date that the warrant proceeds may be used in an amount equal to 25% of the warrant amount. ISCAP advance activity in the General Fund for the year ended June 30, 2008 is as follows:

Series	Balance Beginning of Year	Advances Received	Advances Repaid	Balance End of Year
2007-08A	\$ 0	250,000	250,000	0

The warrants bear an interest rate and the available proceeds of the warrants are invested at an interest rate as shown below:

Series	Interest Rates on Warrants	Interest Rates on Investments
2007-08A	4.500%	5.455%
2007-08B	3.750%	3.451%
2008-09A	3.500%	3.469%

(5) Capital Assets

Capital assets activity for the year ended June 30, 2008 is as follows:

	Balance Beginning of Year	Increases	Decreases	Balance End of Year
Governmental activities:				
Capital assets not being depreciated:				
Land	\$ 28,655	0	0	28,655
Total capital assets not being depreciated	28,655	0	0	28,655

2014	4.00	65,000	1,300	5.75	90,000	2,587	155,000	3,887	158,887
Total		\$ 360,000	43,170		\$ 455,000	82,943	\$ 815,000	126,113	941,113

The District has pledged future local option sales and services tax revenues to repay the \$815,000 bonds issued August 1, 2005 and June 30, 2006. The bonds were issued for the purpose of defraying a portion of the cost of renovations at the school. The bonds are payable solely from the proceeds of the local option sales and services tax revenues received by the District and are payable through 2014. The bonds are not a general obligation of the District. However, the debt is subject to the constitutional limitation of the District. Annual principal and interest payments on the bonds are expected to require approximately 39 percent of the local option sales and service tax revenues. The total principal and interest remaining to be paid on the notes is \$911,113. For the current year \$152,219 in principal and interest was paid on the bonds and total local option sales and services tax revenues were \$310,073.

The resolution providing for the \$510,000 issuance of the local option sales and services tax revenue bonds includes the following provisions:

- a) The bonds will only be redeemed from the future earnings of the local option sales and services tax revenues received by the District and the bond holders hold a lien on the future revenues received.

- b) Sufficient monthly deposits amounting to one sixth of the next interest payment and one twelfth of the next principal payment shall be made to the Local Option Sales and Service Tax Sinking Fund for the purpose of making the bond principal and interest payments when due.
- c) A separate bond reserve fund will be maintained to be used solely for the purpose of paying principal and interest in the event the revenue fund does not have sufficient funds for that purpose. This fund is called the Local Option Sales and Services Tax Reserve Fund.

Quality Zone Academy Bonds (QZAB)

During the year ended June 30, 2006, the District issued zero interest Quality Zone Academy Bonds (QZAB). Annual transfers from the Capital Projects - Local Option Sales and Service Tax fund to a debt sinking fund will be made to pay the indebtedness due November 3, 2013, of \$1,000,000.

Early Retirement

The District offers a voluntary early retirement plan to its certified and non-certified employees. Eligible employees must be at least age fifty-five and employees must have completed twenty years of continuous service to the District. Employees must complete an application which is required to be approved by the Board of Education. Early retirement benefits paid during the year ended June 30, 2008, totaled \$11,107. A liability has been recorded in the Statement of Net Assets representing the District's commitment to fund non-current early retirement.

(7) Pension and Retirement Benefits

The District contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Plan members are required to contribute 3.90% of their annual salary and the District is required to contribute 6.05% of annual covered payroll for years ended June 30, 2008, 2007 and 2006. Contribution requirements are established by State statute. The District's contribution to IPERS for the years ended June 30, 2008, 2007 and 2006 were \$174,950, \$151,611 and \$144,356 respectively, equal to the required contributions for each year.

(8) Risk Management

Woodbine Community School District is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

(9) Area Education Agency

The District is required by the Code of Iowa to budget for its share of special education support, media and educational services provided through the area education agency. The District's actual amount for this purpose totaled \$156,919 for the year ended June 30, 2008 and is recorded in the General Fund by making a memorandum adjusting entry to the cash basis financial statements.

(10) Deficit Fund Balance/Net Assets

At the year ended June 30, 2008, The General Fund had a deficit unreserved undesignated fund balance of \$152,688.

WOODBINE COMMUNITY SCHOOL DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - BUDGETARY REPORTING
YEAR ENDED JUNE 30, 2008

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standard Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds, except private-purpose trust and agency funds. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on the GAAP basis. Encumbrances are not recognized on the GAAP basis budget and appropriations lapse at year end.

Formal and legal budgetary control for the certified budget is based upon four major classes of expenditures known as functions, not by fund or fund type. These four functions are instruction, support services, non-instructional programs and other expenditures. Although the budget document presents function expenditures or expenses by fund, the legal level of control is at the aggregated functional level, not by fund. The Code of Iowa also provides District expenditures in the general Fund may not exceed the amount authorized by the school finance formula.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Education of the
Woodbine Community School District:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Woodbine Community School District as of and for the year ended June 30, 2008, which collectively comprise the District's basic financial statements listed in the table of contents, and have issued our report thereon dated February 5, 2009. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Woodbine Community School District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of Woodbine Community School District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Woodbine Community School District's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies and other deficiencies we consider to be material weaknesses.

A control deficiency exists when the design or operation of the control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects Woodbine Community School District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with U.S. generally accepted accounting principles such that there is more than a remote likelihood a misstatement of Woodbine Community School District's financial statements that is more than inconsequential will not be prevented or detected by Woodbine Community School District's internal control. We consider the deficiencies in internal control described in Part I of the Findings Related to the General Purpose Financial Statements.

A material weakness is a significant deficiency, or combination of significant deficiencies that results in more than a remote likelihood a material misstatement of the financial statements will not be prevented or detected by Woodbine Community School District's internal control.

Members American Institute & Iowa Society of Certified Public Accountants

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, of the significant deficiencies described above, we believe item I-A-08 is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Woodbine Community School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards. However, we noted certain immaterial instances of non-compliance or other matters that are described in Part II of the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2008 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the District. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Woodbine Community School District's responses to findings identified in our audit are described in the accompanying Schedule of Findings. While we have expressed our conclusions on the District's responses, we did not audit Woodbine Community School District's responses and, accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Woodbine Community School District and other parties to whom Woodbine Community School District may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Woodbine Community School District during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

NOLTE, CORNMAN & JOHNSON, P.C.

February 5, 2009

WOODBINE COMMUNITY SCHOOL DISTRICT
SCHEDULE OF FINDINGS
YEAR ENDED JUNE 30, 2008

Part I: Findings Related to the Basic Financial Statements:

INSTANCES OF NON-COMPLIANCE:

No matters were reported.

SIGNIFICANT DEFICIENCIES:

- I-A-08 Segregation of Duties - One important aspect of the internal control structure is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. We noted that the cash receipts listing, bank deposits and the posting of cash receipts to the cash receipts journal were all done by the same person.

Recommendation - We realize that with a limited number of office employees, segregation of duties is difficult. However the District should review its control procedures to obtain the maximum internal control possible under the circumstances.

Response - We will investigate available alternatives and implement as soon as possible.

Conclusion - Response accepted.

- I-B-08 Board Policies - We noted during our audit the District's board policy book appears to have not been kept up to date. All board policies should be reviewed every five years and documented when approved and reviewed.

Recommendation - The District should review the board policy book and update all policies that have not been updated within the past five years. The District should take steps to review board policies in a more timely manner.

Response - We are in the process of updating the board policy book.

Conclusion - Response accepted.

- I-C-08 Checks Outstanding - We noted during our audit that the District had checks included in the bank reconciliations of the General, Nutrition and Activity Funds which have been outstanding for over a year.

Recommendation - The District should determine if the outstanding checks should be reissued, voided or submitted to the State as unclaimed property. If the checks are submitted as unclaimed property, the District must do so annually before November 1st as required by Chapter 556.1(10) and 556.11 of the Code of Iowa.

Response - We have cleared up the outstanding checks in the Activity Fund.

Conclusion - Response accepted.

I-D-08 Student Activity Fund - We noted during the audit that the District writes various checks throughout the year for meal money for students that participate at state events as well as change boxes for start up cash at the gate for District events. It was noted that checks were being written to "Cash" or in the name of the District only instead of the custodian/sponsor for these events and the District. We also noted that the Student Activity Fund had a Class of 2007 account.

Recommendation - Checks made out to "Cash" or the District only are barer paper and in the event the check would be lost or stolen anyone could cash the check. In the future, the District should write the checks for meal money and start up cash at the gate to the custodian/sponsor of the event and the District.

Upon graduation, the remaining balance in old class accounts should be redistributed to other individual activity fund accounts.

Response - Meal money checks for students participating at state events as well as start up cash for change box checks are now being written to the custodian/sponsor of the event and the District.

In the future, we will use remaining funds in old class accounts as beginning funds for the incoming freshman class.

Conclusion - Response accepted.

WOODBINE COMMUNITY SCHOOL DISTRICT
SCHEDULE OF FINDINGS
YEAR ENDED JUNE 30, 2008

Part II: Other Findings Related to Required Statutory Reporting:

II-A-08 Certified Budget - District disbursements for the year ended June 30, 2008, did not exceed the amount budgeted.

II-B-08 Questionable Disbursements - We noted during our audit that the District wrote checks from the Student Activity Fund that were subsequently cashed to buy gift cards/gift certificates to give to students as incentive prizes. Gift cards/gift certificates do not appear to meet public purpose as defined in the Attorney General's opinion dated April 25, 1979.

Recommendation - The District should review the procedures in place, and make necessary adjustments to comply.

Response - We have reviewed our procedures and this practice has ceased.

Conclusion - Response accepted.

II-C-08 Travel Expense - No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.

II-D-08 Business Transactions - Business transactions between the District and District officials or employees are detailed as follows:

Name, Title and Business Connection	Transaction Description	Amount
Connie Waite, Board Secretary Son owns C & H Electric	Electrical Repairs	\$1,084
Connie Waite, Board Secretary Sister owns Shadow Valley Golf Course	Purchased Services	\$1,536
Lynette Lee, Board Member Substitute Nurse for District	Services	\$341
Amy Sherer, Board Member Substitute teacher for District	Services	\$891
Joanna Shaw, Board Member Spouse owns Shaw's Screen Printing	Purchased Services	\$1,824

In accordance with the Attorney's General's opinion dated November 9, 1976, the above transactions with the family members of Connie Waite and Joanna Shaw do not appear to represent a conflict of interest.

In accordance with the Chapter 279.7A of the code of Iowa, the above transactions with Lynette Lee and Amy Sherer do not appear to represent a conflict of interest.

- II-E-08 Bond Coverage - Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.
- II-F-08 Board Minutes - We noted no transactions requiring Board approval which have not been approved by the Board.
- II-G-08 Certified Enrollment - We noted a variance in the basic enrollment data certified to the Department of Education. The number of students which were reported on Line 1 of the certified enrollment was overstated by 1.0 students.

Recommendation - The District should contact the Iowa Department of Education and the Department of Management to resolve this matter.

Response - The Department of Education has been contacted and the situation has been resolved.

Conclusion - Response accepted.

- II-H-08 Deposits and Investments - We noted no instances of non-compliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the District's investment policy.
- II-I-08 Certified Annual Report - The Certified Annual Report was filed with the Department of Education timely and we noted no significant deficiencies in the amounts reported.
- II-J-08 Financial Condition - At the year ended June 30, 2008, The General Fund had a deficit unreserved undesignated fund balance of \$152,688.

Recommendation - The District should continue to monitor these funds and investigate alternatives to eliminate the deficits.

Response - We will monitor these funds and investigate available options to eliminate these deficits.

Conclusion - Response accepted.
